PROFESSIONAL COLOUR PENCIL TECHNIQUES

with JAN LAWNIKANIS

Weekend June 15 & 16 9am - 4 pm

Members \$ 140 Non-Members \$ 170

Jan will teach you how to elevate the use of coloured pencils to a fine art medium. By layering, blending, burnishing, hatching and underpainting you can achieve either realism or creative results.

You will see examples by master artists and learn about their techniques, tools and materials and where to access ongoing information and instruction.

Explore a range of surfaces apart from paper that are surprisingly ideal for use with coloured pencils and discover why this medium is so versatile!

Material list will be supplied when booking
